Bargaining Update #2

On March 18th YUFA and the Employer exchanged initial proposals; the two teams met again March 28th to begin negotiation of non-monetary items. The next meeting with the Employer is scheduled for April 10, 2003.

The Employer proposals signal a priority for a 3-year agreement; monies for merit and marketability; an exemption for Schulich on overload rates; and a cap on tuition waivers for deregulated programs.
