Bargaining Update #4

After 5 days of extensive preparation, including discussion with the YUFA Executive, the Bargaining Committee met with the Employer on April 24, 2003.

In the interest of moving clearly and expeditiously toward a reasonable settlement, YUFA brought to the table a package it hopes will form the basis of an agreement.

This proposal highlights the following membership priorities: complement reassurance; definition of normal work; equity in accommodation, access, and compensation; and retirement benefits.

We look forward to a positive response from the Employer.
